

Implementation Consultant

As a leading South African developer of legal software solutions for the South African and international markets, we are looking for an Implementation Consultant to join our multi-national team.

If you are looking to grow your career and be part of a dynamic and result-driven team who are passionate about what they do, then this could be the perfect role for you.

What you get to do every day:

- Managing the project assigned to you and making sure that all milestones are met and the project goes live as per project plan.
- Attending to meetings with the client about the project.
- Interviewing the client and understanding the client's processes and procedures in order to implement GhostPractice successfully.
- Understanding and analysing the client's data along with the client and converting and importing it into GhostPractice.
- Testing the integrity of the data along with the client.
- Training clients in a classroom setup or doing one-on-one training sessions with individual clients on GhostPractice.
- Installing SQL and GhostPractice at the client if and when necessary.
- Assisting the client with handholding and support during the User Acceptance testing and Go Live phases.
- Communicating project progress internally as well as to the client on a regular basis.
- Ensuring that your client understands all the appropriate financial and management reports in the system to assist them in better managing their business and staff.
- Ensuring that all project related admin and documentation is completed and filed on GhostPractice.

Skills and experience you bring to the role:

- Must have valid driver's license and own reliable transport.
- Must have bookkeeping experience and skills. Financial qualification advantageous.
- Must be willing to travel away from home as required.
- Must be client centred and a strong team player.
- Strong knowledge of Word and Excel.
- Must have matric.
