The Pretoria Attorneys Association (PAA) noted two shortcomings in the legal profession with extreme disappointment, namely:

1. The slow progress toward achieving gender equality in the profession; and
2. The very poor pass rate in the Admission Exams.

The PAA decided that a FREE course for deserving female candidates in preparation for the Admission Exams was the logical solution. The FPAC was the result.

The PAA was overjoyed to find a like-minded Sponsor in **GhostPractice**, who shared the PAA's concerns and the proposed small contribution to rectifying the shortcomings in the Legal Profession.

The PAA is most grateful for their continued support.

GhostPractice is an all-in-one matter management, billing, and legal trust accounting system. We offer a means to increase your law firm's profitability with a unique approach to practice management software.
